The Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue *Department.*

SIR,

With reference to the Orders of Government noted in the margin authorising me to subscribe for certain newspapers, English and Kannada, published in the State, I have the honour to request that instead of "The Karnataka" which has since ceased publication I may be authorised to subscribe for "The Indian Review of Reviews" which has taken its place, the annual subscription for the latter being very nearly the same (Rs.8/- per annum) as for the 'Karnataka'.

x	1. R.3943-4/L.R.8-18-2 dated 11-9-1918.
y	2. R.13713-14/R.M.8-18-4 dated 28-4-1919.
z	3. R.13369-70/L.R.51-19-8 dated 27-5-1920.

2. I request that sanction may also be accorded to my subscribing for "The Mysore Chronicle" a weekly paper recently started at Tumkur (annual subscription Rs.7/-) and the Mysore Star, a vernacular paper published in the State. The charge will be met from the contingent grant of this office.

Dft sanctioning subs for approval or other orders.

7) There is at present considerable extravagance in the matter of subscribing to technical and general periodicals in the several Departments and offices located in the Bangalore City. From the statement which is put up, it is seen, for example, that four copies of "Nature" are subscribed for in the offices included in the statement, namely, the Superintendent, Government Museum, the Meteorological Reporter, the Director of Geology and the Director of Agriculture. The statement in the file is not exhaustive. It does not show for example the journals that are subscribed for in the Department of Industries and Commerce, the Judicial, Police, Excise, Public Works, Railways and Electrical Departments, not to speak of the Central College and the Public Library which also subscribe for a large number of journals that are available for intending readers. It is believed that copies of "Nature" are subscribed for by the Department of Industries and by the two institutions last named.

(Agriculture)

8) There is duplication in respect of a large number of journals in related Departments,

(1) Superintendent, Government Gardens and the Director of Agriculture

(2) Director of Geology and the Chief Inspector of Mines.

(3) Senior Surgeon and the Sanitary Commissioner

(4) Secretariat and the Comptroller's office

(5) The Boards of Economic Conference and the related Departments.

(6) The Superintendent, Government Museum and the Director of Archaeology.

NOTE—Contn. sheet.

Serial No.

Another anomaly is that the Department of Education maintains a so-called Education Library which is not restricted to the requirements of the Educational Department alone but trespasses considerably on journals and, it is feared, books also, intended for the general reader as well. Similarly the Comptroller's office Library is not restricting itself merely to books on Accounting, Auditing and Insurance but trespasses also on Finance, which may probably be pardonable but also on general economics and politics Sometime ago it even indulged in Sanskrit Literature. Considerable economies are possible by directing that these two Libraries should restrict themselves solely and strictly to books and periodicals required for departmental purposes.

a) A statement showing the journals that may be omitted in respect of each Department is submitted for consideration. The principles followed in preparing the list are to avoid duplication as far as possible, particularly in respect of journals which are required by only two or three related Departments and to omit journals not directly bearing on the work of the Department. Related Departments may easily exchange their journals so that each may have the benefit of all the journals received by related departments. For example while the Superintendent, Government Gardens may continue to get journals directly bearing on horticulture, gardening and botany, he may depend upon the copies received by the Director of Agriculture in respect of agricultural journals and may send his journals to the Director

NOTE—Contn. sheet.

Serial No.

who need not subscribe for ~~a~~ duplicate copies of them. Similarly the Veterinary officers of the Military Department may well indent on the journals received by the Superintendent, Civil Veterinary Department i order to keep themselves posted up with the latest developments of their science. Similarly the Director of Archaeology may well depend upon the journals that are being received in the Mythic - - - Society, located practically across the road, instea of subscribing for separate sets of journals proposed to be omitted. The information in technical journals is not like information in newspapers which is stale at the end of a day and a system of circulation though it may lead in some cases to belated perusal as compared with direct receipt of separate copies, is by no means inadequate in such cases.

(b) The proposals now submitted will cause the leas disturbance to the existing arrangements in Departments. ~~Greater~~ Additional economies are however possible if Government decide to amalgamate the Comptroller's Office Library with the Secretariat Library so as to avoid duplication of staff, books ~~and of certain~~ journals and also upon creating a Central Reading Room for all scientific departments which may receive all the scientific journals and circulate them among the departments. (Either the Central College or the Public Lib may be entrusted with this work) The latter step will, besides facilitating further economies, provide also a common groun where all officers and persons interested in ~~xxxxxxx~~ scientific work can meet and discuss problems much to ~~the~~ their mutual benefit and to the advantage of Government

(40) In Government Order No.Fl.2751-800-G.F.67-21-2 dated 22-11-22 it was ordered that the market rates to be adopted for the purpose of arriving at an average rate of exchange for Conversion of our foreign transactions into rupees were those for Telegraphic Transfers on Bombay. Since the date of the Government Order, the Comptroller has been furnishing the average rate between sterling and rupees during the first week of each month, but when asked to furnish the dollar rupee exchange and that Officer in his letter No.826/Books dated stated that the average rate of the dollar rupee exchange could not be quoted.

(41) It was only then that the Bombay Times of India was subscribed for, for this purpose, The paper has been furnishing us with the most accurate daily rates of exchange and the work of conversion is thus very greatly facilitated. This has already been explained and dealt with in detail in my letter No.4784 dated 14-7-22.

(42) It is not only the average monthly cross rates for which the paper is made use of, but the daily exchange rates will also be very frequently required

for reference in connection with obtaining dollar drafts on American banks from private persons in payment of the value of orders placed for them by the Department.

43) It also furnishes the latest metallic quotations and other reports which very greatly facilitate the fixing and the acceptance of materials to be purchased for use in the Department and also fixing the rates for the sales of old and scrapped materials in stores.

44) I therefore strongly recommend that the advantages derived from subscribing for the paper are very many and hence its continuance may be sanctioned. Further the amount of subscription is only Rs.45 per year and can be met out of the grant already sanctioned for the Department.

S i r,

I am desired to state that Government consider that an unnecessarily large number of newspapers and periodicals are now being subscribed for by the different departments of Government and that a material reduction can be made in the expenditure incurred on this account.. I am to request you to furnish a statement showing the names of newspapers and periodicals subscribed for by you under orders of Government and the amount of annual expenditure incurred for the purpose. In view of the urgent necessity for retrenchment, Government consider that the list of periodicals which should be subscribed for by the different departments should be restricted to journals that are not only intimately connected with the work of the Department concerned but are also absolutely necessary for its routine administration, ~~in the public interest~~. Government therefore would be glad to have your opinion as to the names of periodicals which you consider might be discontinued under the principle set forth above.

TO

A. V. Ramanathan, Esq., B.A.,
Secretary to Government of Mysore,
Revenue Department, (in charge), Bangalore.

SIR,

With reference to your printed letter No.4657-4717/E.A.55-21-1 of the 15th ultimo, I have the honour to forward herewith the statement called for therein and to state that as the periodicals subscribed for by this Department are closely connected with the work of the different sections of this Department I do not see any that could be discontinued. The only large duplications are to be found in certain Veterinary periodicals subscribed for by both the Live Stock Expert and the Superintendent, Civil Veterinary Department. As both these Officers require the journals it would be unwise to discontinue the sending of the copies.

I may point out that a large number of these periodicals are utilized by the whole staff of the Department not only those at headquarters. Thus no less than sixty five periodicals are circulated among the District and Farms Staffs.

I personally look upon these periodicals as our most valuable source of information and without them it would be quite hopeless for the Department to keep in touch with work that is being done in other parts of the world.

The cost to Government is approximately Rs. - Exact figures cannot

R.O.C. NO. 88/1922-23.

PROCEEDINGS OF THE CHIEF COURT OF MYSORE AT BANGALORE.

Bangalore, dated the 25th September 1922.

****

R e a d:--

(i) Letter No. J. 2780/Cts. dated 5th December 1921 from the Secretary to the Government, General Department, requesting a list of periodicals subscribed for in the various Civil and Criminal Courts in the State.

2. Letter No. O. 522/G.M. 7-22-31 dated the 18th July 1922 from the Secretary to the Government, Revenue Department, suggesting a reduction of expenditure in respect of periodicals subscribed for in the Civil and Criminal Courts in the State.

3. Opinions of the District Judges and the District Magistrates in the matter.

The Chief Court considers that a reduction of the expenditure incurred at present by the several Civil and Criminal Courts in the State in subscribing for Law Jorunals and periodicals is possible to some extent and is accordingly pleased to lay down the following rules for their guidance.

(i) These arrangements will come into effect from the 1st January 1923.

(ii) Each District Magistrate's Court will continue to subscribe for the Indian Law Reports, which should also be circulated among other Magistrates' Courts in the District and be made available to the latter for reference whenever required.

(iii) Each Special Magistrate's Court which now subscribes for the Indian Law Reports will cease to do so, and will subscribe

43

subscribe for the Criminal Law Journal only, but will have access to the L.L.R volumes of the District Magistrate's Court whenever needed for reference as shown above, or (in outlying stations where there is a Munsiff's Court) to the volumes of the Munsiff's Court.

(iv) In stations where there are more than one Munsiff's Court located, the additional or second Munsiff's Court will cease to subscribe for the Indian Law Reports separately, but will make use use of the copies subscribed for by the Court of the Principal Munsiff, First Munsiff, Sub Judge or District Judge as the case may be.

(v) A District Magistrate's Court need not subscribe for the Criminal Law Journal separately, but it can send for the volumes of the Special Magistrate's Court for reference whenever required.

(vi) The Law Journals hitherto subscribed for and received up to the end of 1922 in Courts which will under the present rules -- cease to subscribe for them, will be properly bound and preserved for reference and will form part of the Court's Existing Library.

vii) The District Judges and District Magistrates are requested to submit a list of Courts which will be affected by this order and intimate the amount which will be saved to Government as a result of these arrangements.

SIR,

With reference to your circular letter No.4657-4717/E.A. 55-21-1 dated 15th April 1922, I have the honour to append a statement showing the names of the periodicals and newspapers subscribed for by this Department under G.O.No.G.12229-30 dated 16th February 1916 and to state that the journals mentioned are intimately connected with the work of the Department and are necessary in the public interests for its routine administration; as can be seen from the appended statement the expenditure entailed in yearly subscriptions is very moderate.

Under these circumstances, I do not consider it advisable or expedient to cut out any of the journals subscribed for by this Department.

Sir,

With reference to your letter No. 4657-4717/E.A. 55-21-1 of the 15th ultimo, I have the honor to forward herewith a statement showing the names of the periodicals subscribed for by the Museum. The Journals are few in number and they are intimately connected with the work of the Department --- besides being useful to the public who visit the Museum. The amount of subscription viz., Rs. 144/- is not much. Should however Government consider it necessary that a reduction --- should be made I am agreeable to give up the marginally noted periodicals and thus reduce the figure to Rs. 95-12-0

1. The Nature
2. The Science Progress
3. The Mythic Society Journal
4. The Mysore Economic Journal

Sir,

With reference to your letter No. 4657-4717/E.A.55-21-1 dated the 15th April 1922 calling for a statement showing the names of newspapers and periodicals subscribed for by this office, I have the honor to inform that a list was sent to the Chief Secretary to Government as enclosure to this office letter No. D2 Dis. 1900/21-12 dated the 17th December 1921, and that another list with particulars called for has been submitted herein enclosed. The subscriptions of Journals are not covered by any Government Order as the practice adopted for a long time past was that all newspapers and periodicals considered desirable for the Educational Library were got on the authority of the Inspector General of Education, and the subscriptions are met out of the funds set apart for the Educational Library and its contingencies (viz. Rs. 1,200 plus Rs.924). The amount of annual expenditure incurred for the purpose is Rs. 550/-. The Journals now subscribed for, are several of them, educational and are absolutely necessary in the public interests for the administration of the Department. Some local papers and a certain number of newspapers published in British India are also necessary for the Department.

P.T.C.

In a scrutiny of the list I intend to discontinue from viz. (1) Indian Science and Mathematics, (2) The Indian Antiquary, (3) The World's Own, (4) The Illustrative Book Index, (5) The Indian Economic Journal (6) The Journal of the Mythic Society, (7) The Journal of Sociology, (8) The United India and Indian States, (9) The Journal of the Iranian Association, (10) Karnataka Vidya, (11) Prabuddha Bharata, (12) Karnataka Mitra, and (13) Brahmavadin, no period on the expiry of the present subscriptions of the Journals will be retained to only 31 and the total amount of subscription will be approximately Rs. 430/-.

ORDER NO:- O.2685-740

Bangalore, 13.11.1922.

Information was obtained from Heads of Departments and Deputy Commissioners of Districts of the number of periodicals and newspapers subscribed for by them as Government were of opinion that a material reduction of expenditure on this account could be effected. Separate orders have already been passed in respect of the periodicals to be subscribed by each Head of Department with a view to restrict expenditure on this account for journals which are not only intimately connected with the work of the Department, but are also absolutely necessary for carrying on its routine administration. At the instance of Government, the Chief Court have also issued instructions to the different Civil and Criminal Courts restricting expenditure on subscriptions for Law Reports and Law Journals. As a result of the action taken by Government, the expenditure on Newspapers and Periodicals has been reduced from Rs. 10,292- 3-11 per annum to Rs. 4,237-7-6 per annum effecting a saving of Rs. 6,054-12-5. The details are noted in Appendix A to this Order.

The Secretary to the Government
of Mysore, Electrical Department,
Bangalore.

Sir,

TIMES OF INDIA.

I have the honour to invite your kind reference to correspondence ending with this office letter No.7566, dated 15-11-22, regarding payment of subscription to the Times of India and to state that the quarterly subscription paid for the Baper in November 1922 expires by the 28th February 1923 and an intimation is received to-day, calling for the subscription for the next quarter. The subscription paid for the two previous quarters amounting to Rs23/- has already been disallowed by the Comptroller and the subscription now to be paid is also sure to be disallowed by that officer.

I have already explained fully the absolute necessity for continuing the subscription for this Paper in all my previous references to the Government on the subject and under these circumstances, I request that early orders of Government may be obtained and communicated for the continuance of the Paper.

In the meanwhile I would request you to kindly authorise the Comptroller to pass in audit the subscription for these three quarters, amounting to Rs34-8-0, pending receipt of final orders of Government, as the contingent grant of Rs200/- is already too small for this office, and if this subscription also is disallowed therefrom indefinitely, the balance will be inadequate to meet the ordinary telegram

The Secretary to the Govt. of Mysore
Revenue Department,
B a n g a l o r e.

Sir,

Books and Periodicals.

Adverting to Government Order No.O-177-S-G.M. 7-32-15, dated 7th July 1932, stating that the subscription for the Times of India may be discontinued, I have the honour to state that the paper is absolutely necessary for noting down the daily rates of exchange between dollars and rupees and the cross rates between dollars and sterling in order to arrive at an average rate of exchange for each month to convert into rupees for account purposes the values of all foreign materials which are always invariably given in dollars and pounds sterling. Without this information, it is absolutely impossible to value these foreign materials and the result will be that the accounting for the materials received by this Department from foreign manufacturers immediately after receipt will be greatly hindered, in fact rendered impossible. Before subscribing for the paper, the Comptroller was, however, asked to furnish a monthly average rate of exchange between dollars and rupees, which, he said, was not possible for him to do and instructed us to use the Bombay Daily rate and the Times of India was subscribed for in preference to any other Bombay paper as being the most accurate and up-to-date on

the subject. We have been getting the paper for the last six months and it has been found very useful.

I, therefore, consider it desirable that I should continue to get the paper under the circumstances, until the question is again fully discussed and revised Government Orders are received through the Public Works Secretary, which is the proper channel to deal with questions, relating to this Department. I have, however, taken steps to see that the cost of books, journals and periodicals purchased by this Department are kept within the annual limit fixed by Government.

I have the honour to be,

Sir,

Your most obedient servant,

SUB-JR-AK. Chief Electrical Engineer.

Submitted for orders
This paper is absolutely necessary as we have to know the daily rates of exchange between dollars and rupees in order to value all our foreign invoices which are always in dollars. We asked the Comptr to furnish us with this rate also in addition to the rate between pound & rupee

I have the honour to be,

Sir,

Your most obedient servant,

Chief Electrical Engineer.
